

# ACCOMMODATIONS

## A GREAT PLACE TO VISIT

Visitors to the Camdenton area will find a variety of resorts, motels, and campgrounds scattered throughout the area, many at the water's edge. The waters of the Big and Little Niangua River arms offer some of the calmest water on the Lake and are the perfect place to enjoy swimming, water skiing, boating, and fishing.

Although Lake of the Ozarks offers some of the finest recreational and sightseeing opportunities above the water, to fishermen, it's what's underneath that counts. Largemouth bass, crappie, white bass, strippers, and catfish are the main source of excitement – and when one species isn't biting, another probably will! The main fishing season is March through December. There are even heated fishing docks for the avid cold-weather angler.

The Lake has been rated as one of the top ten for lunker bass fishing and is home to Angler of the Year and Wheaties Cereal Champion Denny Brauer. The Lake offers a wonderful variety of angling opportunities for the novice or professional. Several state record fish have been caught at the Lake of the Ozarks, including a 91 lb. blue catfish, 34 lb. drum, 42 lb. muskie, and a 134 lb. paddlefish (or spoonbill).

Of course, the Lake is THE number one attraction, but there's plenty of outdoors to explore out of the water, too. Enjoy hiking along trails and bluffs, biking, or horseback riding. Ha Ha Tonka State Park is just minutes away and features spring-fed waters bubbling from underground caves, the remains of a sixty-room "Castle" built on a 250 foot high bluff, natural stone bridges, and more. It isn't unusual to see bald eagles flying above. Bridal Cave, one of America's most scenic, is just one of the many caves to explore in the area. Be sure to pick up a brochure featuring two self-guided auto tours that will take you "off the beaten path" and into some spectacular scenery.

Hunting is another outdoor activity enjoyed by marksmen and bow hunters. Deer, wild turkey, duck, geese, rabbit, pheasant, and quail are all here. Nearby, trap shooters can take part in regular trap shooting meets sponsored by the Missouri Trap Shooters' Association.

Other activities include championship golfing at any one of eleven courses in the vicinity. Water parks, racquetball and tennis courts, bowling, and baseball parks are available. Country music, jazz, gospel, and outdoor concerts fill the musical spectrum. Discover our arts and crafts, antique shops, museums, flea markets, and specialty stores that make this area so interesting.

Special events, festivals and trade shows keep our calendar full of opportunities for visitors and residents alike. The Product and Services Show in March gives consumers an opportunity to see what's new for the upcoming year. In April, the annual Dogwood Festival takes center stage, featuring parades, craft booths, beauty pageants, Ozark foods, music, carnival rides, and fun for the whole family! Summer is packed with recreational opportunities, and fall brings the circus, arts and crafts, festivals and more. Vibrant fall foliage creates the perfect backdrop for football weekends, hiking, fishing, hunting, and photography.

The area has over twenty-five restaurants offering a variety of menus from fast food and ethnic dishes, to country cooking. Some boast of historic heritage, famous visitors, scenic lake views, outdoor dining or actually "floating" on the Lake! Whatever your choice, the Camdenton area provides some of the best cuisine at the Lake.
